## Shopping lists *Liste de cumpărături*

### Social events *Evenimente sociale*

#### Going shopping *La cumpărături*

Most of the British and the Americans do their shopping in large supermarkets. You can buy everything in the same place, from food and vegetables to clothes. Supermarkets sell goods at cheap prices, so families just love them. But there are some people who prefer small shops. No matter where you go shopping, you need a shopping list.

**Things to buy** *De cumpărat*  
*at the chemist's:*  
 plaster, pills ...  
*at the greengrocer's:*  
 peppers, tomatoes, onion, apples  
*at the dairy:*

*at the grocer's:*

People eat out or at home, but if you are invited to dinner, it is a good idea to take a bottle of wine and maybe some flowers.
